MELBOURNE

↳ NEW YORK

Our departure from the cosmopolitan city of Melbourne leads to our inaugural circumnavigation of Australia. After immersing ourselves in the astonishing diversity of this island continent, with dips into Indonesia and New Zealand, we then weave through the fabled South Sea islands to the western coast of Chile. Down we go, through the Chilean Fjords, to the end of the world at Ushuaia, Argentina.

Rounding South America's tip, we head north to Uruguay and trace the entire coastline of Brazil, turning inwards for an Amazon adventure. North, now, hopping through the palm-fringed islands of the Caribbean to mainland USA, where we make landfall at Fort Lauderdale. The glittering lights of New York make a fitting conclusion to this showstopper of a journey.
